PUNE INSTITUTE OF COMPUTER TECHNOLOGY

E&TCE DEPARTMENT

E-NEWSLETTER A.Y. 2025-26 SEM-I

INSTITUTE VISION

SCTR's Pune Institute of Computer Technology envisions to be a centre of excellence in higher technical education and research, producing global leaders in the field of technology.

INSTITUTE MISSION

- Provide rigorous academic training that equips students to excel in their professional careers with the development of universal human values.
- Foster research and innovation culture amongst faculty and students by encouraging interdisciplinary collaborations, thereby contributing to technological advancements.
- Nurture leadership qualities in students through development of analytical thinking, problem-solving, and effective communication skills.

DEPARTMENT VISION

The department aspires to be widely recognized for its excellence in education, research, and innovation, producing globally competent professionals in Electronics and Telecommunication Engineering.

DEPARTMENT MISSION

- Provide holistic education in Electronics and Telecommunication Engineering, emphasizing comprehensive knowledge, skills and ethical values.
- Inculcate research and innovation among students and faculty to address societal needs through interdisciplinary collaboration.
- Develop responsible professionals with enhanced skill sets to meet global challenges for sustainable development.

DEPARTMENT OF E&TCE

TRAINING SESSIONS

A Skill Development Session was conducted for S.Y. B. Tech students to understand the various domains in software. This Session on **“Well Being to Well Placed : The social –Mind Body Placement Journey”** was conducted by **Aditya Ruikar (Software Engineer at Societe Generale)** and **Sagar Jain (Software Engineer at Horner Automation)**.

Key Points from the Session:

- Do's and Don'ts: Practical Choices that compound into results.
- Healthy Competition: Collaborate ,Uplift and still aim high,
- Bye to fear and self-Doubt : Rehearse ,Reframe and act with evidence,
- Physical and Mental Health: sleep, movement, nutrition and balance.
- Questions and Answers Session

INDUSTRY CONNECT

Industrial Visit : Neilsoft

An industrial visit to **Neilsoft**, Pune, was organized by **Dr. G. V. Kale** and **GameDevUtopia (GDU)** and our student **Ms. Asmita Nene** visited Neilsoft. It was an insightful experience where students received exposure to real-world industrial workflows and learned about their fascinating projects in Robotics, AR/VR, IoT, and many more innovative applications.

One of the highlights was understanding how the concepts that student's study in college are applied in real-world industry. It strengthened the understanding of how theoretical knowledge can transform into practical innovation. The **Neilsoft** team and **Ms. Priya Damle** offered a warm hospitality and shared their expertise.

DEPARTMENT OF E&TCE

INDUSTRY CONNECT

Industrial Visit : JAPAN Educational Tour

Astute Academy conducted **The Japan Educational Tour** from **20th to 26th January 2026**. This tour is designed to provide students with **extensive exposure** through participation in **Factory Innovation Week (FIW) Tokyo 2026**, industry visits, university/factory interactions, and rich cultural learning experiences.

Our Student **Mr. Shreyas Chavan of TE 7** accompanied this **Japan Educational Tour** from **20th to 26th January 2026**.

The tour offered students insights into advanced **manufacturing practices, automation, robotics, and emerging technologies**, helping them **bridge the gap between classroom learning and real-world applications**. In addition to technical exposure, the tour included academic and industry interactions that enriched students' global perspective.

Complementing the **technical learning**, the educational tour also provided an **opportunity to experience Japan's rich culture, discipline, and work ethics**, making it a **holistic learning experience**. Such international exposure plays a vital role in **broadening students' professional outlook and preparing them for global careers**.

DEPARTMENT OF E&TCE

Alumni Insights: Navigating the Path from Campus to Career

On October 16, 2025, alumnus **Dr. Harshal Sonar (2011 Batch)** hosted an online session to guide third-year students on their professional journey.

Key takeaways included:

- **Career Planning:** Strategies for placements, higher studies, and entrepreneurship.
- **Skill Excellence:** Building strong technical fundamentals in emerging technologies.
- **Growth & Networking:** Boosting industry readiness through internships and projects.
- **Balance:** Managing a healthy mix of academics and co-curricular activities

On November 20, 2025, the department hosted an online mentor meeting with **Mr. Aditya Ruikar**. This interactive session served as a bridge between campus life and the professional world, focusing on the following areas:

- **Career Guidance:** Expert advice on navigating diverse career options and pursuing higher studies.
- **Industry Readiness:** Practical insights into the skills and expectations required to excel in the current corporate landscape.
- **Student Q&A:** A dedicated forum where **Mr. Ruikar** addressed specific student queries regarding academic transitions and future professional goals

Robotics Team Wins ISRO Drone Competition

Pune Institute of Computer Technology have soared to victory, claiming the top prize at the prestigious **ISRO Drone Competition!** This remarkable achievement marks a significant milestone for the team and the college, showcasing their dedication, innovation, and technical prowess in the field of robotics and drone technology.

Team: Galactic Gearheads

Galactic Gearheads with their Drone

In a historic triumph for the Pune Institute of Computer Technology (PICT), the Robotics Team has **secured the prestigious First Prize and a cash award of ₹10,00,000/- at the ISRO Robotics Challenge** held at Bharat Mandapam, New Delhi, on the occasion of **National Space Day**, the team received this top honor from the Minister of State for Space, Mr. Jitendra Singh, and ISRO Chairman, Dr. S. Somanath (noted as Director Dr. N. Narayanan in the announcement) led by the vision of **Dr. S. V. Gaikwad**, this victory stands as a powerful testament to the team's innovative spirit and technical excellence, marking a proud milestone for the entire department and university.

Our Heartfelt Congratulations on your Remarkable Milestone. Wishing you Boundless Success in all your Future Endeavors!

STUDENT ACHIEVEMENTS

Excellence in Engineering

We are proud to celebrate the success of our student, **Ananya Vinayak Gambhirrao**, who has successfully completed the rigorous **NPTEL Online Certification course on VLSI Design Flow: RTL to GDS**. Ananya scored an excellent 81% in the 12-week program, demonstrating dedication and mastery in a cutting-edge field. Well done!

PICT Triumphs: Dream Internships Secured

Naman Ostwal secured a software engineering internship at **UBER, Bangalore**, with a phenomenal stipend of **1.25 lakhs per month**. His performance led to a return internship offer for Summer 2026.

Ms. Harleen Kaur has successfully completed the prestigious **AICTE Samarthan Internship 2025-26 at IIT UNA**. This accomplishment is a testament to her dedication to high-quality academic and research work

*Huge congratulations to them on securing phenomenal internships!
Your dedication truly paid off.*

STUDENT ACHIEVEMENTS

SemiconTantra Conference 2025

The department is proud to highlight the exceptional success of our students at the prestigious SemiconTantra Conference 2025. Their performance underscored the high caliber of innovation and technical expertise fostered within our institution, drawing significant attention from industry veterans and researchers alike.

Award-Winning Highlights:

Runner-Up Award (Best Product Idea): **Gauri Lokhande, Shrihari Kulkarni, and Achal Kulkarni** were recognized for their groundbreaking project, "**VAYU – An Advanced Surveillance UAV with Integrated RF Countermeasures.**"

Industry Interest: The technical depth of Project VAYU has already attracted potential collaborators from the industry to transition the concept into a commercial product.

Individual Excellence: **Gauri Lokhande** received highly positive feedback for her individual presentation on "**Aarunya & Jaagriti**" a dual-product solution focused on Road Safety.

Research Potential: Industry experts have encouraged the advancement of the road safety concepts into the active research and prototyping stages.

FACULTY ACHIEVEMENTS

Academic Mentorship Achievement

Dr. Mousami Turuk has been selected as an Academic Mentor for the **Xploor Program by Deepspatial Asia Private Limited**, marking a notable achievement in her academic and professional journey. This selection reflects her expertise, dedication to education, and contribution to emerging technologies in the field of Geospatial Data and Artificial Intelligence (GeoAI).

Dr. Mousami Turuk

The Xploor Program is a specialized initiative aimed at fostering applied and experiential learning by integrating academic knowledge with real-world industry practices. The program focuses on developing practical skills in geospatial analytics, AI-driven solutions, and spatial intelligence, enabling learners to address complex challenges across domains such as urban development, environmental monitoring, and data-driven decision-making.

In her role as an Academic Mentor, Dr. Turuk will guide learners through project-based learning, offer academic insights, and support innovation-oriented thinking. Her mentorship will help participants strengthen their conceptual understanding while gaining hands-on exposure to GeoAI applications.

Heartiest congratulations to Dr. Mousami Turuk on this prestigious achievement, and best wishes for continued success in inspiring innovation and academic excellence.

ACTIVITIES OF SPECIAL INTEREST GROUPS

Embedded Club

Workshop on PCB Design:

Conducted by: **Aditi Zeminder** (PICT '25 Alumnus, PCB Design Engineer at **Sedmac**)

Topics Covered:

- Overview of the previously conducted PCB design workshop, knowledge / skill level of participants.
- PCB Design - Industrial Standards, Heating Issues, Part placement and Routing tips, Design for manufacturing, Questions and Answers

PCB Design Q&A:

Our very own Aditi Zeminder (Class of 2025), a PCB Design Engineer at SEDEMAC, recently led a vital Q&A session for the **PICT Embedded Society**. The session, focused on PCB Design Challenges and Best Practices, offered a masterclass in modern electronic design. It is inspiring to see our recent graduates making significant waves in the industry and giving back to the PICT community!

This session covered key insights into PCB design, challenges faced in the industry, and proven best practices.

Bridging the Gap: BE Projects to Core Industry

The **PICT Embedded Society** hosted a highly interactive session on “**BE Projects and Placements in Core Domain**”. The event took place online using Google Meet platform.

Key Points from the Session:

- Discussed on selection and execution of BE projects.
- Shared personal experiences of BE projects in core domain.
- Discussed the internship and interview process in Core domain.
- Guided for preparing core companies.

DEPARTMENT OF E&TCE

ACTIVITIES OF SPECIAL INTEREST GROUPS

Finance Club

Stock Overflow 3.0 Workshop on 18th September 2025:

The **objective of this event was to provide a platform for students to present their stock pitch ideas.** Participants showcased unique investment strategies and justified their stock choices with analysis. The audience was actively involved in listening, analyzing, and voting for the best pitch. Along with the audience voting, judges' points were also considered to ensure fair evaluation and to select the winners.

The event helped students learn about financial literacy, stock market basics, and critical thinking in a competitive but fun environment

ALCISTA-2025 “Hack-the-bank’25”

HackTheBank 2025 — Code. Create. Conquer.

The HackTheBank hackathon, one of the most anticipated tech-finance events of the year, aims to ignite innovation at the intersection of technology and finance. With a **total prize pool of ₹16,000**, this competition challenges participants to design creative, practical, and impactful fintech solutions

DEPARTMENT OF E&TCE

ACTIVITIES OF SPECIAL INTEREST GROUPS

Finance Club

The **NEXUS** session was successfully conducted on 27th October at the EnTC Seminar Hall from 4:00 pm to 5:30 pm. The event featured an insightful session by **Mr. Shreyash Nadage, Front Office Quant Strat at BNY Mellon**, who shared his expertise on the intersection of **Artificial Intelligence and Finance**.

The session aimed to provide students with a clear understanding of the Quant domain – from its significance in the financial world to the exciting role AI plays in shaping its future.

Mr. Shreyash guided the audience through topics such as:

- * What is Quant & why it's important
- * The journey from Engineering to Quant
- * AI in Modern Finance
- * Emerging Trends shaping the Quant landscape

The event saw enthusiastic participation from students eager to explore the blend of technology, mathematics, and finance. Through real-world insights and interactive discussions, participants gained valuable knowledge about quantitative finance and its growing impact on the industry.

NEXUS served as a roadmap for aspiring Quants and AI enthusiasts, inspiring them to bridge their technical skills with financial innovation. The session concluded with an engaging Q&A, where students interacted directly with the speaker to clarify concepts and explore career opportunities in this dynamic field.
