REQUIRED

Applications Invited for Research-Only Faculty Positions

SCTR's Pune Institute of Computer Technology (PICT), Pune, invites applications from highly qualified, research-oriented, and motivated candidates for appointments to the posts of **Professor, Associate Professor, and Assistant Professor** on a **Research-Only Track**.

The Institute seeks **faculty members possessing a Ph.D. degree** and a proven aptitude for research, innovation, and knowledge creation. The selected candidates will be engaged **exclusively in research activities** and will not ordinarily be assigned regular teaching responsibilities.

➤ Areas of Research

The expected areas of Research include but not limited to: Artificial Intelligence and Machine Learning, Cyber Security, Data Science and Intelligent Analytics, Software engineering, Semiconductor/VLSI, Block Chain, Cloud, Edge and Distributed Computing, Sustainable and Green Computing, Wireless communication, Networking, Quantum Technology, Human-Computer Interaction, and High-performance computing.

➤ Essential Qualifications

- Ph.D. in the relevant discipline from a recognized University/Institution.
- Qualifications and experience as prescribed by AICTE/UGC/SPPU norms for the respective post.
- Strong research credentials and demonstrated ability to undertake independent and collaborative research.

➤ Preferred Qualifications

Preference shall be given to candidates having:

- Publications in reputed SCI/SCOPUS/Web of Science indexed journals and conferences.
- Granted or published patents.
- Experience in securing and executing externally funded research projects.
- Consultancy, technology transfer, or product development experience.
- Interdisciplinary research experience and industry collaboration.
- Proven record of innovation and intellectual property generation.

➤ Roles and Responsibilities

The selected candidates shall be responsible for:

- Undertaking high-quality research in their respective domains.
- Publishing research papers in reputed national and international journals and conferences.
- Filing patents, copyrights, and other intellectual property.
- Securing sponsored research projects and grants from government, industry, and international agencies.
- Undertaking consultancy, technology development, and innovation activities.
- Establishing national and international research collaborations.

- Contributing to the Institute's research ecosystem, innovation initiatives, and institutional rankings.

➤ **Nature of Appointment**

These are **Research-Only Faculty Positions on contract basis**. The selected candidates shall devote their efforts primarily to research, innovation, sponsored projects, consultancy, publications, and intellectual property generation. Regular teaching workload shall not ordinarily form part of their duties except under exceptional circumstances and as determined by the Institute.

➤ **Salary and Benefits**

Salary and other benefits shall be commensurate with qualifications, experience, research achievements, and Institute norms. Exceptional candidates with outstanding research accomplishments may be considered for higher salary

➤ **How to Apply**

Interested eligible candidates shall email their complete C.V. along with relevant certificates to principal@pict.edu and director@pict.edu

Note : For further process, the candidate whose profile matches with the Institute requirement will be communicated.
